

I just want to stress the importance of my local K-LOVE station. We do not have enough "wholesome" radio stations on the local airwaves. I was disturbed to find out that my station may no longer exist because of a proposed ruling by the FCC. The whole purpose of K-LOVE is that they are listener supported. Obviously, if they are growing and expanding in our areas that would tell me that the public is interested in having K-LOVE in our area. Any other format would be unacceptable as far as I am concerned. I have not listened to other radio stations in over 2 years. If you reduce the services of K-LOVE, you reduce the positive and encouraging message that they offer. We need them in the United States and in our local cities.
